

Family Chiropractic Care- Dr. Robert Tenney - Evidence Based Chiropractic Care - Natural Healthcare

Tenney Chiropractic is located at, 503 Riverside Drive in Augusta, Maine. We accept most insurances.

At Tenney Chiropractic, we are committed to helping you and your family achieve your health goals for today, tomorrow, and throughout your lifetime.

We are an evidence-based practice. That means we utilize the latest research findings to ensure you get the best possible outcome from your treatment. We are trained in a variety of techniques to address your unique health care needs.

Our treatment goals are to help patients feel and function better, by helping to restore unrestricted movement in the area of chief complaint, and throughout the body. Most patients experience significant pain relief after just a few visits.

If after careful examination and diagnosis, we determine that your case is not amenable to chiropractic care, rest assured we will refer you to the most appropriate health care specialist to address your condition.

Your health and well being is our first priority.
